# Capital Improvement Plan

---

This page intentionally left blank

# READER'S GUIDE

---

## BACKGROUND

---

The Capital Improvement Program (CIP) is a multi-year plan for capital expenditures to replace and expand the city's infrastructure. The city uses the CIP to develop infrastructure and maintain the quality of life offered to the residents and businesses.

The capital budget supports non-recurring expenditures such as the construction of buildings, acquisition of property, repairs and improvements to roadways, building maintenance, and efficient operation of the water and sewage systems. Capital funding is limited to the cost of the project and may be expended over several fiscal years until the project is completed. Other costs associated with the capital budget include, but are not limited to:

- Architectural and engineering fees
- Site development
- Major equipment

The city uses a long range planning process that requires departments to provide a Five-Year CIP plan. This five year plan provides residents with an outline of how the city anticipates investing capital dollars for the next five years. Each capital project included in the CIP is either approved for funding in FY 2014 or included as a planned project in FY 2015 through FY 2018. The inclusion of a project beyond the current budget year is not a guarantee that it will be funded in the future. The needs of the city may change resulting in changes during the next annual budget cycle.

A project that is included in the city's capital budget is broadly defined as requiring the expenditure of public funds for the purchase, construction, enhancement, or replacement of physical infrastructure/assets and it may take several years to complete the project. Whether a project is included in the CIP or in the city's operating budget is determined by its size and scope. Any project authorized in a department's operating budget must be completed or committed by a contractual obligation within the fiscal year in which the funds are appropriated.

To be included in the CIP, the project must cost \$50,000 or more and should extend the life of the asset by greater than the life of the debt instrument used to finance the improvement or grant program.

---

## GUIDING PRINCIPLES

---

Basic guiding principles are used to help shape the CIP. These principles include, but are not limited to:

- Developing a capital plan that includes projects in a variety of priority areas which meet the highest priority needs
- Ensuring that the CIP will be the platform for development in neighborhoods and business communities
- Preserving and enhancing the existing tax base

To guide the CIP decision-making process, projects are evaluated on the degree to which the following objectives are met:

- Legal or contractual obligation or federal or state mandate
- Address health concerns, safety or emergency needs
- Leverage outside funding through a match of federal, state or private funding

- Produce positive community impact through the formation of partnerships with residents and businesses to leverage public dollars, making Norfolk the community of choice for living, working and leisure activities
- Enjoy broad community support
- Result in unacceptable outcomes if the project is deferred
- Ensure existing infrastructure and/or equipment is maintained and replaced in a timely manner
- Consistency with the draft planNorfolk2030 comprehensive plan and other adopted plans

---

## FUNDING THE CIP

---

A combination of funding sources are used by the City of Norfolk to implement the CIP. Below are descriptions of funding sources used to support the CIP:

- **Capital Projects Fund Balance:** These dollars represent projects that are closed or determined to have excess funds.
- **Other Cash Contribution:** These dollars represent other sources of cash contributions to the CIP such as grants, donations, other state or federal aid, or other reprogrammed funds.
- **Transfer from General Fund:** Annual cash contributions to the CIP.
- **Transfer from School Fund:** These dollars represent cash contributions from the Norfolk Public Schools.
- **Transfer from Public Amenities Fund:** This cash contribution is from a special revenue fund which collects one percent of the prepared food tax rate and one percent of the lodging tax rate to promote cultural and entertainment activity in the downtown area.
- **Bonds (Debt):** For debt purposes, the city's debt is defined by the sources of repayment: general fund supported debt service and nongeneral fund supported debt. General fund supported debt is pledged to be repaid from tax revenue. Nongeneral fund debt is intended to be repaid from revenue derived from other revenue sources, such as fees.

### NON-GENERAL FUND PROJECTS:

Projects below are supported through nongeneral fund revenues which are not paid from taxes:

- **Water Utility:** Improve the city's water infrastructure system and perpetuate the city's economic vitality.
- **Wastewater Utility:** Improve the city's wastewater infrastructure system, including the operation and maintenance of collection sewers, pump stations, and sewer force mains.
- **Storm Water Utility:** Improve the city's storm water infrastructure system, including miscellaneous drainage improvements, system repairs and rehabilitation, system cleaning and drainage studies in neighborhoods citywide.
- **Parking Facilities:** Improve the city's parking infrastructure systems, maintain public safety, promote tourism, and perpetuate and attract new businesses, including architectural designs, construction of new and/or replacement, multi-level parking facilities.
- **Towing and Recovery:** Support the city's ability to keep abandoned vehicles off the public right of way and address code violations. There are no projects approved for this fund in the FY 2014-FY 2018 CIP.

---

## PRIORITY AREA DESCRIPTIONS

---

### **GENERAL FUND SUPPORTED PROJECTS:**

In 2012, the City of Norfolk continued the implementation of the initiative to become a “well-managed government.” This initiative promotes the values of becoming a *data-driven organization that provides effective and efficient programs and services that are responsive, accountable, inclusive, and customer-focused*. This initiative also led to the revision of the citywide priorities.

City staff began the Priority Area Plan in June 2011 to revise the citywide priorities, develop goals, objectives, and the performance measures to support them. This planning initiative is distinct from past processes in that goals and objectives are owned by cross-functional teams rather than single departments. City staff, across departments, worked together along with outside partners to ensure success. Using input from the Council, residents and business leaders, staff developed statements describing the vision for each priority. Council affirmed these statements, which have become the expression of the desired outcomes for the city.

Similar to the operating budget the CIP projects, beginning in FY 2013, were categorized into one of the six new priority areas. By categorizing the projects, the city was better able to understand where and how it is prioritizing major projects throughout the city. This also ensured that the projects authorized in the CIP were in line with the community and the City Council’s long term vision for the city. Listed below are the City of Norfolk priorities and corresponding priority statements.

### **Accessibility, Mobility and Connectivity:**

A comprehensive network of accessibility and information gathering options, addressing all traditional transportation modes as well as new technologies that connect people, goods and information. Projects in this category will promote a sustainable and efficient transportation system, an effective communication network, and an accessible system of delivering goods and services to our citizens.

### **Economic Vitality and Workplace Development:**

A growing, competitive and diversified economy that enhances the quality of life for residents through a wide range of housing, shopping, educational, cultural, business, and employment opportunities. Projects in this category will promote public infrastructure improvements designed to enhance and support private sector investments in a variety of neighborhood and commercial areas of the city. Projects in this category will also promote to diversify and strengthen entertainment venues and “cool city” amenities in Norfolk.

### **Environmental Sustainability:**

A premier waterfront community that creates a positive, regenerative effect on its environment avoids detrimental environmental impacts and thrives economically and culturally. Projects in this category will promote the efficient use and protection of natural resources and reduce the negative impacts of coastal flooding.

### **Lifelong Learning:**

Residents of all ages enjoy a culture of learning that enables them to reach their full potential, achieve personal goals, and through their knowledge, skills abilities, and talents, become well equipped to support a prosperous economy. Projects in this category promote a well trained, qualified community workforce and Increase accessibility to lifelong learning. These include construction projects to improve, replace, and/or build new elementary, middle, and high school facilities.

### Safe, Healthy and Inclusive Communities:

Residents of diverse backgrounds and interests feel encouraged and empowered to assist in the development of safe and healthy neighborhoods thereby fostering a culture of leadership, pride and well-being that advances Norfolk's brand as a desirable and enjoyable place to live, learn, work and play. Projects in this category promote a safe environment for residents, workers, and visitors, the availability of sustainable and high quality housing for residents, and create a culture that promotes health, engages in prevention, and supports the economic and social well being of individuals and families.

### Well-Managed Government:

A data-driven organization that provides effective and efficient programs and services that are responsive, accountable, and inclusive and customer focused. Projects in this category will promote efficiency of programs and services as well as developing, recruiting and retaining talented and engaged employees to meet current and future workplace needs.

## FY 2014 Proposed CIP Funding by Priority

---

## PROJECT INFORMATION

---

The FY 2014 approved CIP provides for 42 projects with support from the General Capital, one project with support from Wastewater Utility, five projects with support from Storm Water, eight projects with support from the Water Utility, and one project with support from Parking.

Each approved project within the FY 2014 CIP has an individual project information page. The definitions and descriptions below are provided as a guide to understanding the individual project pages.

SEE SAMPLE PAGE FOLLOWING THESE DEFINITIONS FOR MORE INFORMATION

- **Financial Summary:** Financial information for projects can be found throughout the CIP and in the sections listed below.
- **CIP Funding Sources:** Lists the sources of revenue the city uses to fund capital projects.
- **CIP Uses of Funds:** Lists the projects approved in the FY 2014 Budget.
- **CIP Five-Year Plan Summary:** A five-year outlook of funding amounts for CIP projects in the FY 2014 Budget.
- **Project Detail by Priority Area:** Projects shown on the five-year plan are listed individually with a detailed financial breakdown.

**For each project the following information is included:**

- **Project Title:** Provides a descriptive name for the project.
- **Department:** Identifies the city department that will function as the project sponsor and manager.
- **Account number:** Identifies the financial account the city uses to track project expenditures. Projects that are planned for funding in years 2015 – 2018 will not have an account code.
- **Customers Served:** Indicates the beneficiaries to be served by the project.
- **Project Description:** Provides a brief and informative description of the project.
- **Financial Summary:** The financial summary provides detailed information on the amounts appropriated for the project. This section includes the following:
  - **FY 2014 Approved:** Reflects the amounts for the project. Amounts listed in FY 2015 – FY 2018 are planned amounts for the project in the upcoming years.
  - **FY 2013 Approved:** Reflects amounts that were approved for the project when the budget was authorized in the previous fiscal year.
  - **Operating Budget Impact:** Reflects an on-going operating budget expense once the project is complete. These expenses are not paid from the capital budget.
  - **FY 2014 Anticipated Budget Distribution:** Amounts shown are a projection of how the funds will be spent in the first year of funding.
  - **Prior Capital Funding:** Shows the dollars previously contributed to the project from previous appropriations.

- **Capital Share Remaining:** Reflects the amount of capital funding needed to complete the project. This amount is the sum of FY 2015 – FY 2018.
  - **Project Total:** Reflects the total amount of money dedicated for the completion of the project.
- **Picture:** Includes a visual depiction, if available, of the project location or the end result expected from the completion of the project.
- **Property Address:** Identifies the location of the project. Several categories are used to identify the location of a project. Addresses are listed when a project is concentrated in a specific area. The term citywide is used when the project involves several locations throughout the city or has a citywide impact. The term “to be determined” is used when a specific site for the project has not been identified.
- **Priority Area:** Identifies the priority area that each project is categorized into.
- **Neighborhood Plans:** In an effort to enhance the readability of the CIP document, projects identified as a part of a Neighborhood Plan Area (Broad Creek, Fairmount Park/Lafayette, Southside or Wards Corner) are grouped together at the end of a priority area. These neighborhood projects vary in scope and may appear in any of the priority areas of the CIP.

## OPERATING IMPACT OF MAJOR CIP PROJECTS

---

The operating impact of capital projects is analyzed during the CIP development process. Many new capital improvement projects entail ongoing expenses for routine operation, repair, and maintenance upon completion or acquisition. Many new capital facilities may also require the addition of new positions.

Estimated revenues and/or operational efficiency savings associated with projects are also considered during the capital project evaluation and review process. Operational costs of new facilities can have a significant financial impact on the operating budget of the city. Therefore, these costs are weighed when a project is considered for funding. Conversely, the positive contribution that a capital project can make to the fiscal well being of the city is also factored into the decision making process. Capital projects such as redevelopment of under-performing or under-used areas of the city, and the infrastructure expansion needed to support new development help promote the economic development and growth that generates additional operating revenues or operational efficiencies.

As CIP projects are completed, the operating costs of these projects are identified, prioritized and justified as part of the city's budget process. The city plans and budgets for significant start-up costs, as well as operation and maintenance of new facilities in the operating budget. If applicable, each project contains an operating and maintenance projection for the operating costs for the first five years.

The table below represents the estimated operating and maintenance costs for approved projects. CIP projects that have been completed in prior years which have operating impacts are not shown here. Prior projects such as Pretlow Library, the Southside Aquatics Center, and Ingleside gym, for example, have annual operating and maintenance costs that have been added to the departments' budget as these buildings came on-line. These impacts are taken into consideration in the city's five year expenditure forecast. Operating impacts are analyzed for funding on a project by project basis because at times these impacts can be absorbed within the department's current budget and other times additional funding may be needed. These costs are taken into account when the city authorizes a project for capital funding.

---

Five Year Estimated CIP Project Operating and Maintenance Cost Impact

| Project Title                                       | FY 2014          | FY 2015            | FY 2016            | FY 2017            | FY 2018            |
|---|------------------|--------------------|--------------------|--------------------|--------------------|
| Design and Construct Courthouse Complex             | \$600,000        | \$1,200,000        | \$1,800,000        | \$1,800,000        | \$1,800,000        |
| Develop Bicycle, Pedestrian Greenways, and Sharrows | \$0              | \$5,000            | \$8,000            | \$10,000           | \$10,000           |
| Implement RPOS Master Plan                          | \$600            | \$1,200            | \$1,200            | \$1,200            | \$1,200            |
| Improve Street Lights                               | \$35,000         | \$35,000           | \$35,000           | \$35,000           | \$35,000           |
| <b>Grand Total</b>                                  | <b>\$635,600</b> | <b>\$1,241,200</b> | <b>\$1,844,200</b> | <b>\$1,846,200</b> | <b>\$1,846,200</b> |

\*Operating and maintenance costs are addressed through the operating budget for completed projects or for an impending building coming online. Operation and maintenance costs are not shown for school construction as these costs are shown as part of the School Board separate budget.

# CIP - Uses of Funds

## FY 2014 - FY 2018 Capital Improvement Plan

| Project Title   | Page | Approved FY 2014  |
|---|------|-------------------|
| <b>Accessibility, Mobility and Connectivity</b>             |      |                   |
| Develop Bicycle, Pedestrian Greenways, and Sharrows         | 453  | 250,000           |
| Enhance Signals and Intersections                           | 454  | 200,000           |
| Repair and Maintain Bridges - Minor                         | 456  | 250,000           |
| Repair and Replace Bridges - Major                          | 457  | 1,000,000         |
| Support Oceanview Roadway Improvements                      | 458  | 400,000           |
| <b>Subtotal Accessibility, Mobility and Connectivity</b>    |      | <b>2,100,000</b>  |
| <b>Economic Vitality and Workforce Development</b>          |      |                   |
| Improve Downtown Corridor Streetscaping                     | 459  | 100,000           |
| Improve Waterside Convention Center                         | 462  | 1,626,000         |
| Renovate Scope Restrooms and Concessions (PA)               | 463  | 1,000,000         |
| Replace Harbor Park Field (PA)                              | 464  | 500,000           |
| Maintain USS Wisconsin BB-64                                | 465  | 750,000           |
| Fund Chrysler Museum Capital Campaign Match                 | 466  | 1,000,000         |
| <b>Subtotal Economic Vitality and Workforce Development</b> |      | <b>4,976,000</b>  |
| <b>Environmental Sustainability</b>                         |      |                   |
| Address Street Flooding Citywide                            | 467  | 1,500,000         |
| Improve Citywide Dredging and Waterways                     | 468  | 150,000           |
| Improve Roof Repair and Moisture Protection                 | 469  | 250,000           |
| Beach Erosion Control                                       | 470  | 1,100,000         |
| Improve HVAC Systems Citywide                               | 471  | 200,000           |
| <b>Subtotal Environmental Sustainability</b>                |      | <b>3,200,000</b>  |
| <b>Lifelong Learning</b>                                    |      |                   |
| Address School Major Maintenance                            | 473  | 3,000,000         |
| Construct Camp Allen Elementary School                      | 474  | 4,000,000         |
| Construct or Renovate Schools                               | 475  | 24,600,000        |
| Construct School Athletics Support Buildings                | 477  | 1,000,000         |
| <b>Subtotal Lifelong Learning</b>                           |      | <b>32,600,000</b> |

## FY 2014 - FY 2018 Capital Improvement Plan

| Project Title   | Page | Approved FY 2014  |
|---|------|-------------------|
| <b>Safe, Healthy and Inclusive Communities</b>          |      |                   |
| Fund the Virginia Supportive Housing Program            | 479  | 207,000           |
| Support Citywide Neighborhood Improvements              | 480  | 500,000           |
| Design and Construct Courthouse Complex                 | 481  | 26,433,382        |
| Improve Neighborhood Streets-Major                      | 482  | 300,000           |
| Improve Street Lights                                   | 483  | 100,000           |
| Repair Neigh. Sts/Sidewalks/Walkways                    | 484  | 500,000           |
| Implement Fire-Rescue Facility Plan                     | 485  | 385,000           |
| Fund ADA Master Plan for City Facilities                | 486  | 150,000           |
| Construct Mausoleums                                    | 487  | 580,000           |
| Implement RPOS Master Plan                              | 488  | 1,000,000         |
| Improve Community and Neighborhood Parks                | 489  | 250,000           |
| Improve Existing Community Centers                      | 490  | 200,000           |
| Revitalize, Redevelop, and Conserve Neighborhoods (NP)  | 491  | 2,100,000         |
| Implement Broad Creek Neighborhood Plan (NP)            | 492  | 1,000,000         |
| Support Fairmount Pk/Laf. Blvd. Neigh. Plan (NP)        | 493  | 750,000           |
| Implement Southside Neighborhood Plan (NP)              | 494  | 1,000,000         |
| Implement Wards Corner Neighborhood Plan (NP)           | 495  | 1,000,000         |
| Construct Signal Improvements in Wards Corner           | 496  | 500,000           |
| <b>Subtotal Safe, Healthy and Inclusive Communities</b> |      | <b>36,955,382</b> |
| <b>Well-Managed Government</b>                          |      |                   |
| Design and Construct Government Center Plaza            | 499  | 3,600,000         |
| Improve Infrastructure and Acquire Property             | 500  | 750,000           |
| Fund Preliminary Engineering                            | 501  | 3,659,000         |
| Maintain Municipal Facilities                           | 502  | 1,000,000         |
| <b>Subtotal Well-Managed Government</b>                 |      | <b>9,009,000</b>  |
| <b>Total General Capital</b>                            |      | <b>88,840,382</b> |
| <b>Parking Facilities</b>                               |      |                   |
| Maintain Parking Facilities                             | 503  | 2,900,000         |
| <b>Subtotal Parking Facilities</b>                      |      | <b>2,900,000</b>  |

## FY 2014 - FY 2018 Capital Improvement Plan

| Project Title | Page | Approved FY 2014 |
|---------------|------|------------------|
|---------------|------|------------------|

### Storm Water Utility

|   |     |           |
|---|-----|-----------|
| Create Citywide Flooding Reserve          | 505 | 1,315,200 |
| Improve Storm Water Quality               | 506 | 950,000   |
| Improve Storm Water System                | 507 | 600,000   |
| Improve Storm Water Waterfront Facilities | 508 | 500,000   |
| Reduce Neighborhood Flooding              | 509 | 1,450,000 |

|                                     |                  |
|-------------------------------------|------------------|
| <b>Subtotal Storm Water Utility</b> | <b>4,815,200</b> |
|-------------------------------------|------------------|

### Wastewater Utility

|                                      |     |            |
|--------------------------------------|-----|------------|
| Improve Wastewater Collection System | 511 | 17,000,000 |
|--------------------------------------|-----|------------|

|                                    |                   |
|------------------------------------|-------------------|
| <b>Subtotal Wastewater Utility</b> | <b>17,000,000</b> |
|------------------------------------|-------------------|

### Water Utility

|  |     |            |
|--|-----|------------|
| Comply With Safe Drinking Water Act Amendments         | 513 | 135,000    |
| Implement Automated Meter Reading System               | 515 | 300,000    |
| Implement Meter Change-Out Program                     | 516 | 150,000    |
| Install Generator at Little Creek Booster Pump Station | 518 | 150,000    |
| Rehabilitate Reservoirs Systemwide                     | 521 | 500,000    |
| Replace or Rehabilitate Water Pipelines                | 525 | 12,700,000 |
| Upgrade Moores Bridges Water Treatment Plant           | 526 | 1,500,000  |
| Upgrade Northstar Billing System                       | 527 | 300,000    |

|                               |                   |

## Develop Bicycle, Pedestrian Greenways, and Sharrows

### Department

Public Works

### Account #

4000 10 4194

### Project Description

Provide funds to develop citywide transportation connectivity initiatives. These initiatives may include the construction of new bike and pedestrian trails, sidewalk and curb improvements, and bike lane striping. This project also incorporates initiatives contained in the Recreation, Parks, and Open Space Master Plan.

## Enhance Signals and Intersections

### Department

Public Works

### Account #

4000 10 3041

### Project Description

Provide funds for the improvement and upgrade of the traffic signal system and intersections that experience traffic congestion and traffic safety issues. Planned improvements include new signalized intersections, school flashing signals, pedestrian crossing improvements, various roadway capacity and neighborhood access improvements, and conversion to Light Emitting Diode (LED) lights.

## Repair Terminal Blvd. Concrete Pavement

### Department

Public Works

### Account #

N/A

### Customers Served

Residents ☒ Business ☒ City Services ☒

Educational Community ☐ Tourists/Visitors ☒

### Project Description

Provide funds to rehabilitate failing concrete pavement along Terminal Blvd. The roadway consists of a reinforced concrete surface that was built by Virginia Department of Transportation (VDOT) in 1973. It carries over 6,000 trucks in each direction daily. The total cost to repair the road by replacing sections of concrete is estimated at \$7.0 million, \$3.5 million for each side of the road. This project is partially funded through VDOT revenue sharing program at 50 percent of the total project cost and VDOT will match the remaining 50 percent.

## Improve Waterside Convention Center

### Department

Cultural Fac., Arts & Ent.

### Account #

4000 16 4202

### Customers Served

Residents ☐ Business ☒ City Services ☐

Educational Community ☐ Tourists/Visitors ☒

### Project Description

Provide funds for the improvement of the Waterside Convention Center. These funds are required as part of the ongoing agreement with the current operator. Work may include replacements or renovation to the fixtures, furniture, equipment, and rooms located in the convention center. The amount listed here is an estimate of the work to be performed over the course of the upcoming year. This project meets a contractual obligation between the city and the hotel operator, which requires the city to make capital improvements periodically.

## Address Street Flooding Citywide

### Department

Public Works

### Account #

4000 10 4101

### Project Description

Provide funds to address street flooding issues throughout the city. Activities will include a comprehensive review of street flooding and priority setting. These projects supplement the Storm Water fund capital improvement programs to address specific concerns. Additionally, these projects may also correct minor to moderate flooding concerns from citizens that are compiled by the Department of Public Works and addressed systematically as funding becomes available.

## Construct or Renovate Schools

### Department

Executive

### Account #

4000 02 3139

### Customers Served

Residents ☒ Business ☐ City Services ☐

Educational Community ☒ Tourists/Visitors ☐

### Project Description

Provide funds to construct new school buildings or complete major renovations of existing school buildings. In FY 2013, prior funds of \$9.45 million (\$2.25 million in FY 2003, \$5.0 million in FY 2011, \$2.2 million in FY 2012) were available for planning and design of two new schools. Five-year funding provides for the construction of four schools. The construction of two schools has been accelerated due to the creation of the school construction, technology, and infrastructure (CTI) program funded by the real estate tax rate increase of 2 cents.

## Fund the Virginia Supportive Housing Program

### Department

Executive

### Account #

4000 02 4200

### Customers Served

Residents ☒ Business ☐ City Services ☐

Educational Community ☐ Tourists/Visitors ☐

### Project Description

Provide funds for the development of 80 studio apartments that will provide support services for homeless and low-income single adults in South Hampton Roads. The Norfolk Studios program is a regional effort with the cities of Chesapeake, Portsmouth, Suffolk, and Virginia Beach. Department of Housing and Urban Development (HUD) HOME funds in the amount of \$153,000 are also used to support this project. The total city commitment for the project is \$360,000. Due to a reduction in HOME funds additional city support is needed in FY 2014 to meet the city's commitment.

## Fund ADA Master Plan for City Facilities

### Department

General Services

### Account #

4000 44 3070

### Customers Served

Residents ☒ Business ☒ City Services ☒

Educational Community ☐ Tourists/Visitors ☒

### Project Description

Provide funds for improvements at city facilities to accommodate the needs of persons with disabilities. The Americans with Disabilities Act (ADA) requires ongoing attention to the access needs of the disabled. These improvements include restroom configuration, signage, entrances, curb cuts, access ramps, benches, water fountains, counter service desks, facility seating, and other equipment to improve accessibility.

## Construct Mausoleums

### Department

Cemetery

### Account #

4000 70 4192

### Project Description

Provide funds for the construction of a mausoleum at Forest Lawn Cemetery. A mausoleum will increase the use of land, providing four times the burial sites per acre than direct land burial, provides space for comittal services that are out of the weather, and meet public demand for crypt space and ash niches.

## Implement RPOS Master Plan

### Department

Recreation/Parks and Open Space

### Account #

4000 78 4190

### Customers Served

Residents ☒ Business ☒ City Services ☒

Educational Community ☒ Tourists/Visitors ☒

### Project Description

Implement the Recreation Parks and Open Space (RPOS) Master Plan. This plan serves as a guiding vision for parks and recreation facilities. The plan denotes proposed capital projects for recreational amenities to be phased in over a 20 year period. Highlights of the improvements that will be completed as part of the master plan include: access to water (boat ramp repairs), recreation facility and park improvements, development of trails and bikeways, support improvements to the boxing facility, and use of public schools for recreational use.

## Fund Preliminary Engineering

### Department

Public Works

### Account #

4000 10 3100

### Customers Served

Residents ☒ Business ☒ City Services ☒

Educational Community ☒ Tourists/Visitors ☒

### Project Description

Provide funds for the preliminary design work, engineering and support services within the Department of Public Works for major capital projects. By internally supporting these services with city staff, a cost savings is achieved by retaining firsthand knowledge and expertise of project completion while adhering to city's policy areas. Additional funding is included in FY 2014 for the purchase and implementation of a web based CIP project management system to replace the existing out-of-date system.

## Improve Storm Water Quality

### Department

Storm Water Utility

### Account #

4000 35 3034

### Project Description

Provide funds to continue best practices used to reduce storm water related pollutants entering local waterways, rivers, and the Chesapeake Bay. In addition, planned work includes the continuation of the wetlands restoration initiative, led by the Army Corps of Engineers, and a systematic program for dredging of silted-in and obstructed storm water outfalls around the city.

## Improve Storm Water System

### Department

Storm Water Utility

### Account #

4000 35 3035

### Project Description

Provide funds to improve storm water facilities including installation of stand-by power generators at underpass storm water stations in addition to replacement of pumps, controls, electrical systems, valves and piping that are approaching the end of their service life. In addition, installation and replacement of tide flap valves at some city storm water outfalls will be made to reduce tidal flooding during aberrant tide conditions.

## Replace or Rehabilitate Water Pipelines

### Department

Water Utility

### Account #

5300 33 3057

### Project Description

Provide funds for the continued replacement of severely deteriorated sections of a raw water transmission main which has reached the end of its useful life. In addition, upgrades will be made to areas of the distribution system which have fallen into disrepair due to age or heavy usage. A re-forecast of expenses have led to a decrease in the amount originally planned for the project.
